TRAINING: No special training requirements have been identified for any documents issued with this change notice.

REMARKS: TI 2561/004 (Safeguards and Emergency Preparedness Inspection of Interim Compensatory Measures at Decommissioning Power Reactors) is issued to provide inspectors with a procedure to verify that decommissioning nuclear power reactors that possess spent fuel in spent fuel pools are effectively implementing the interim compensatory measures imposed by the NRC safeguards order.

Note: Attachments A and B contain safeguards material and are not included with this change notice. Please see the TI for contacts to obtain copies of these appendices.

DISTRIBUTION: Standard
