Dear Dr. Wittmeyer:

On February 24, 2003, the Nuclear Regulatory Commission received the revised version of the Total System Performance Assessment and Integration (TSPAI) Issue Resolution Blueprint, dated February 21, 2003. This report fulfilled Intermediate Milestone 20.01402.761.140 when it was originally submitted. The latest submission was made in response to a request made on March 21, 2003, for changes to be made in the report. The Center for Nuclear Waste Regulatory Analyses (CNWRA) has addressed adequately all of the comments identified in the March 21, 2003, request.

The complete report will be made publicly available. The Issue Resolution Blueprint continues to be an invaluable source of background information on the TSPAI key technical issues.
