Mr. Ward,

Sorry about the delay in getting back to you, I was out of the office for a few days.

Please list our address as the one in Connecticut since we are closing operations in the Warrington Pa facility.

Canberra Industries will no longer commercially distribute nor provide any services (including support , source replacement and availability) to user's of the Models SH-300 Series and LS-101 devices but will refer users to companies with licenses to provide these support services. Canberra Industries will also keep on file the complete listing of all the source serial numbers of the devices that were distributed under this license.

Let me know if you have any additional questions.
