Mr. John J. Linehan
Director
Division of High-Level
Waste Management
Office of Nuclear Material
Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Linehan:

On April 19, 1991, the Yucca Mountain Quality Assurance Division (YMQAD) completed a review and approval of the Lawrence Livermore National Laboratory Quality Assurance Program Plan Change Notice 033-YMP-R3. The YMQAD arrived at the following determination:

Change Notice 033-YMP-R3 deletes the first sentence of Section 1.1.2 of YMP-R3, Scientific Investigation Control and Design Control. The deleted sentence addressed the level of detail in scientific planning relative to Quality Assurance Levels, which has been revised by the Office of Civilian Radioactive Waste Management (OCRWM) in favor of quality assurance grading.

Determination: Change Notice 033-YMP-R3 is approved.

Approval was based on the YMQAD determination that the change is consistent with the requirements as stated in the OCRWM Quality Assurance Requirements Document, Revision 4, and does not diminish Quality Assurance program commitments.

This letter serves as a formal notice of OCRWM approval of the subject Change Notice 033-YMP-R3 for your information.
