Subject: Highway Name Change

Reference: NRC License SNM-1097, Docket 70-1113

Dear Mr. Reyes:

Please be advised, that the North Carolina State Department of Transportation has redesignated the highway that is in front of our facility from Highway 117/133 to Highway 133.

Reference to Highway 117 appears in a number of our regulatory documents such as the: SNM-1097 License Renewal Application, Fundamental Nuclear Material Control Plan, Radiological Contingency and Emergency Plan, Physical Security Plan, Environmental Report, etc. Our intentions are to make changes to the affected pages at the time subsequent revisions are made. We trust that this will be acceptable to you.

Please contact me on (910) 675-5656 if you have any questions or would like to discuss the matter further.

Sincerely,

Global Nuclear Fuel – Americas, L.L.C.
