ASSURANCE'S AUDIT YM-ARP-95-08 OF SANDIA NATIONAL LABORATORIES'
SUPPORT OF THE YUCCA MOUNTAIN SITE CHARACTERIZATION PROJECT
(SCPB: N/A)

Please be advised that the performance-based audit YM-ARP-95-08, "Activities to Support Systematic Drilling Program for the First and Second Boreholes," has been rescheduled. The subject audit was scheduled to be conducted the week of February 27 through March 3, 1995; however, during scoping for the audit it was found that insufficient material would be available during this time frame. Based on this, the audit has tentatively been rescheduled for July of 1995.

If you have any questions, please contact Mario R. Diaz at (702) 794-7974 or John S. Martin at (702) 794-7881.
