SUBJECT: REQUEST FOR TWO GEOPHYSICAL REPORTS

Dear Mr. Milner:

The purpose of this letter is to request copies of two intermediate reports relating to ongoing geophysical work for site characterization. It is our understanding that the two reports will be submitted to DOE within the next couple of months. The subject documents consist of a Lawrence Berkeley Laboratory report on geophysics and a U.S. Geological Survey report on regional seismic work. This geophysical information is the first of its kind for the Yucca Mountain Site Characterization Project and is expected to provide valuable insight in characterizing the geology of Yucca Mountain. These reports will assist NRC staff in following DOE's seismic and tectonic programs.

I appreciate your attention to this matter. If you have any questions regarding this request, please contact Mr. Chad Glenn of my staff. Mr. Glenn can be reached at 702-388-6125.

Sincerely,
