Emergency Plan Implementing Procedures

Gentlemen:

In accordance with Appendix E of 10CFR50 and 10CFR50.4(b)(5), Entergy is submitting changes and revisions to Waterford 3 Emergency Plan Implementing Procedures. These changed and revised procedures were reviewed in accordance with 10CFR50.54(q) requirements and were determined not to decrease the effectiveness of the Emergency Plan. Most of the changes are the result of recent changes to the Emergency Plan that were approved in NRC Safety Evaluation Report for the Waterford 3 Response Time submittal dated December 23, 2002 (Adams Number ML023570329).

The following procedures are included in this submittal:

1. EP-001-020 (Revision 26, Change 1), Alert. Changed terminology to implement response time submittal.

2. EP-001-030 (Revision 25, Change 1), Site Area Emergency. Changed terminology to implement response time submittal.

3. EP-001-040 (Revision 26, Change 1), General Emergency. Changed terminology to implement response time submittal.

4. EP-002-010 (Revision 28, Change 2), Notification and Communications. Changed terminology to implement response time submittal.

A045

5. EP-002-030 (Revision 9), Emergency Radiation Exposure Guidelines & Controls. Changed terminology to implement response time submittal.

6. EP-002-060 (Revision 22, Change 1), Radiological Field Monitoring. Changed terminology to implement response time submittal.

7. EP-002-071 (Revision 18, Change 1), Site Protective Measures. Changed terminology to implement response time submittal.

8. EP-002-081 (Revision 8), Search and Rescue. Changed Health Physics to Radiation Protection.

9. EP-002-100 (Revision 31), Technical Support Center (TSC) Activation, Operation, and Deactivation. Included guidance on minimum staffing, declaring the TSC operational, the required time for declaring the TSC operational and activation time goals to implement response time submittal. Also changed to reflect the Security Superintendent reporting to the OSC Supervisor including responsibility for evacuation accountability.

10. EP-002-101 (Revision 27), Operational Support Center (OSC) Activation, Operation, and Deactivation. Included guidance on minimum staffing, declaring the OSC operational, the required time for declaring the OSC operational and activation time goals to implement response time submittal. Also changed to reflect the Security Superintendent reporting to the OSC Supervisor including responsibility for evacuation accountability.

11. EP-002-102 (Revision 27), Emergency Operations Facility (EOF) Activation, Operation, and Deactivation. Included guidance on minimum staffing, declaring the EOF operational, the required time for declaring the EOF operational and activation time goals to implement response time submittal.

12. EP-002-130 (Revision 20), Emergency Team Assignments. Changed terminology to implement response time submittal.

13. EP-002-150 (Revision 12), Emergency Plan Implementing Records. Changed terminology to implement response time submittal.

14. EP-002-170 (Revision 10, Change 1), Recovery. Changed terminology to implement response time submittal.

15. EP-002-190 (Revision 17), Personnel Accountability. Changed procedure to reflect the Security Superintendent reporting to the OSC Supervisor including responsibility for evacuation accountability.

16. EP-003-020 (Revision 12), Emergency Preparedness Drills and Exercises. Changed terminology to implement response time submittal and updated procedure to reflect current methods for conducting drills and exercises.

17. EP-003-060 (Revision 5, Change 1), Emergency Communications Guidelines. Changed terminology to implement response time submittal.

18. EP-003-070 (Revision 21), Emergency Communications Systems Routine Testing. General procedure update to reflect current methods for communications testing.

19. EP-004-010 (Revision 9), Toxic Chemical Contingency Procedure. Changed terminology to implement response time submittal, updated chemical plants located in vicinity of Waterford 3 and generally updated procedure to reflect current response methodology to toxic chemical events.

This letter does not contain any commitments. Should you have any questions concerning these procedures, please contact J.J. Lewis, Emergency Planning Manager, at (504) 739-6624.

Very truly yours,

K.J. Peters
Director, Nuclear Safety Assurance
