Mr. Tony Pietrangelo, Director
Risk and Performance Based Regulation
Nuclear Energy Institute
1776 I Street, NW
Washington, DC 20006-3708

SUBJECT: MARCH 24 AND 25, 2003: SUMMARY OF MEETING WITH TECHNICAL
SPECIFICATION TASK FORCE REPRESENTATIVE ON PROPOSED CHANGES
TO THE RETYPED STANDARD TECHNICAL SPECIFICATION (STS) NUREGs

Dear Mr. Pietrangelo:

The purpose of this letter is to transmit the summary of a meeting with Brian Mann of
EXCEL. The meeting was held at the U.S. Nuclear Regulatory Commission offices in
Rockville, Maryland, on March 24 and 25, 2003.

Sincerely,

/RA/

Robert L. Dennig, Section Chief
Technical Specifications Section
Operating Reactor Improvements Program
Division of Regulatory Improvement Programs
Office of Nuclear Reactor Regulation

Enclosures:

1. Meeting Summary
2. STS Section Assignment List

SUMMARY OF THE MARCH 24 AND 25, 2003, NRC MEETING
WITH TSTF REPRESENTATIVE TO DISCUSS
THE PROPOSED CHANGES TO THE RETYPED STS NUREGs

The staff met with Brian Mann of EXCEL to discuss the proposed changes to STS NUREG, Revision 2 and the retyped STS NUREGs. The attached table designates the staff members who participated and their assigned STS Section.

The staff reviewed the marked up Rev. 2 books. An electronic copy of the Rev. 2 books is contained in ADAMS under accession number ML031270485. The staff discussed individual changes, as needed, and in some cases suggested changes.

Many of the changes are corrections or extensions of approved Travelers. The approved travelers are travelers approved before June 10, 2001. Extensions are application of approved travelers to late additions to Revision 2 that did not apply the approved traveler. These changes need to be documented.

EXCEL will revise the Word files to reflect the changes identified during the meeting. After the revision to the word file, EXCEL will send a submittal to the NRC containing a table describing the non-editorial changes, a copy of the marked up Revision 2 books, and a printed copy of the Word STS NUREGs with red-line strikeout enabled.

The staff will use these documents to compare the markup to the retyped version. The staff will then determine if the Word STS files agree with the proposed changes to Revision 2.

After acceptance of the proposed Revision 2 Word STS files by the staff, TSTF and the staff will agree to a list of travelers that have been approved since issuance of Revision 2. The industry will word-process those changes into the Word STS files showing the changes in red-line strikeout and submit them to the staff. After the staff has reviewed and (after any corrections) accepted these changes, the resulting document will become Revision 3 to the STS NUREG.
