Dear Mr. Stein:

SUBJECT: MINUTES FROM JULY 31, 1990 INTERACTIONS SCHEDULING MEETING

Enclosed are the minutes from the July 31, 1990 interactions scheduling meeting held between staff from the U.S. Nuclear Regulatory Commission (NRC) and representatives of the U.S. Department of Energy (DOE). At the meeting, the staff and DOE agreed to the schedule for six interactions. Four of these will cover specific topics identified at the meeting and relating to issues raised by the staff in its Site Characterization Analysis. The other two are interactions that will be held following meetings of the Nuclear Waste Technical Review Board (TRB) and will be to address any questions the NRC staff may have on the presentations to the TRB. In addition, the staff and DOE agreed upon two proposed meetings that were not scheduled.

The specific details of the meeting are discussed in the enclosure along with a list of scheduled and proposed interactions. A date for the next interactions scheduling meeting was not determined and will be discussed at a future management meeting.

If you have any questions, please feel free to contact the responsible staff member for this area Joe Holonich. Mr. Holonich can be reached at (301) 492-3403 or FTS 492-3403.
