Re: ACR Constructability Workshop of February 24-25, 2003, Frederick, Maryland

Please find enclosed a CD copy containing the presentations that were made by AECL, Hitachi and Bechtel on ACR Constructability at the workshop organized in Frederick, Maryland, on February 24-25, 2003.

This information will be useful to the NRC staff to provide an overall orientation regarding the ACR design and construction sequence.

If you have any questions on this letter and/or the enclosed information please contact the undersigned at (905) 823-9060 extension 6543.

Yours sincerely,

for: Vince J. Langman
ACR Licensing Manager

/Enclosure:

1. CD: "Constructability Workshop", workshop held in Frederik, Washington, for USNRC and CNSC, February 24-25, 2003.

Dear Ms. Sosa,

Re: Hitachi Copyright Notice

During the current pre-application review for the ACR, AECL Technologies will be transmitting documents to the NRC that bear an Hitachi copyright notice. The NRC is permitted to make the number of copies of these reports which is necessary for NRC's internal use in connection with the ACR pre-application review, subject to the requirements of 10CFR 2.790 regarding restrictions on public disclosure to the extent that such information has been identified as proprietary by Hitachi, copyright protection notwithstanding. For the non-proprietary versions of these reports, where they exist, the NRC is permitted to make additional copies (i.e., beyond those necessary for its internal use) in order to have one copy available for public viewing in the appropriate record retrieval system, ADAMS or from the Public Document Room as may be required by NRC regulations. All copies made by the NRC of any Hitachi documents must include any copyright and/or proprietary notices that are present in the copies sent to the NRC.

If you have any questions in regards to this letter please contact the me at 81 – 3 – 5295 – 5117 in Tokyo, Japan.

Yours sincerely,

Masahiko Nakane
Manager
International Sales Department
Nuclear Systems Division
Hitachi, Ltd.
