EVALUATION OF AMENDED RESPONSE TO CORRECTIVE ACTION REQUEST
(CAR) YM-94-062 RESULTING FROM YUCCA MOUNTAIN QUALITY
ASSURANCE DIVISION'S (YMQAD) AUDIT YMP-94-01 OF THE CIVILIAN
RADIOACTIVE WASTE MANAGEMENT SYSTEM'S MANAGEMENT AND OPERATING
CONTRACTOR (SCPB: N/A)

Reference: Ltr, Foust to Nelson, dtd 12/20/94

The YMQAD staff has evaluated the amended response to CAR
YM-94-062, which amended the previously accepted response
by changing the Corrective Action to Prevent Recurrence
and requesting to change the expected completion date from
January 31, 1995, to March 3, 1995. Except for the revised
completion date, this amended response is acceptable.
Insufficient information was provided to justify extension
of corrective actions.

It has been six months since this CAR was issued. Any
further extension of time for corrective action will need
to be discussed with the Director, Office of Quality
Assurance, and the Assistant Manager, Engineering and
Field Operations.

Verification of completion of the corrective action will be
performed after the effective date previously provided.

If you have any questions, please contact either Robert B.
Constable at 794-7945 or Richard E. Powe at 794-7749.

Richard E. Spence, Director
Yucca Mountain Quality Assurance Division
