TRANSMITTAL OF REVISIONS 1 AND 2 OF THE OFFICE OF CIVILIAN
RADIOACTIVE WASTE MANAGEMENT (OCRWM) QUALITY ASSURANCE
REQUIREMENTS AND DESCRIPTION (QARD), DOE/RW-0333P (SCPB: N/A)

Please transmit the enclosed information copies of Revisions
1 and 2 of the OCRWM QARD to the U.S. Nuclear Regulatory
Commission (NRC).

The following is provided for your information concerning each
of the QARD revisions:

QARD, Revision 1, dated 7/11/94 - This revision to
the QARD updated the Policy Statement to reflect the
Director, Office of Civilian Radioactive Waste
Management, policy on quality assurance. In addition,
Section 1.0 of the manual was revised to reflect the
reorganization of the Yucca Mountain Site
Characterization Office and U.S. Department of
Energy/Headquarters OCRWM organizations.

QARD, Revision 2, dated 2/3/95 - This revision to the
QARD involved Section 7.0, "Control of Purchased
Items and Services." This section was reworded to
permit the Office of Quality Assurance to perform
supplier preaward surveys and audits for
"purchasers" of items or services. This action
implements recommendations contained in the report
"Reengineering of the Quality Assurance Function on
the Office of Civilian Radioactive Waste Program"
released in August 1994 by the Director, Office
of Quality Assurance.

All changes addressed by the above revisions do not downgrade
OCRWM commitments previously accepted by the NRC.
