Submittal of Changes to the Entergy Nuclear Northeast, Inc. Quality Assurance Program Description for Indian Point Units 1 and 2

Entergy Nuclear Operations, Inc. is submitting this letter to meet the reporting requirements of 10CFR50.71(e)(2) for changes made to the Indian Point Units 1 and 2 Quality Assurance Program Description (QAPD) under the provisions of 10 CFR 50.54(a)(3). This letter accurately presents changes made since the previous submittal of July 3, 2001 (NL-01-090) to April 2003.

There were nine (9) changes to the QAPD from July 2001 through May 6, 2002. These were organizational and administrative changes to reflect the sale of Indian Point Units 1 and 2 to Entergy. These 9 changes were superceded by the tenth change, adoption of the Entergy QA Program Manual (QAPM) on May 6, 2002. Changes to the Entergy QAPM from May 6, 2002 until April 2003 were submitted for all the Entergy plants in Energy Operations, Inc letter "Entergy Quality Assurance Program Manual, Revision 8," dated April 24, 2003, (CNRO-2003-00013). That submittal meets the requirements of 10CFR50.71(e)(2) for an updated QAPD submittal.

There are no commitments contained in this letter. Should you have any questions regarding this matter please contact Mr. John McCann, Manager Licensing at (914) 734-5074.

I declare under penalty of perjury the foregoing is true and correct. Executed on 5/27/03.

Sincerely,

Fred R. Dacimo
