Subject: disposal of nuclear waste

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

To whom it may concern,

I am writing you because I am concerned about our exposure to nuclear waste. I believe that the best solution is to ban nuclear materials from as many products as possible. When nuclear waste is generated, I believe that it should be isolated from other waste and populations. I am opposed to "dose based standards." Thank you for considering my thoughts on this important matter. - Laurel Davis
