OFFICE OF SECRETARY
 RULEMAKINGS AND
 ADJUDICATIONS STAFF

After all the years we have put up with the fox in the henhouse approach to nuclear madness evinced by your "regulatory" agency, and all the years we have spent trying to shut nuclear facilities down, it is reprehensible that now NRC wants to allow "liveable, trivial nuclear waste" to be integrated into household and commercial products used by the people of this fooled and disturbed country. Who the hell do you people think you are fooling?

As you know full well, there is NO SAFE EXPOSURE LEVEL WHEN IT COMES TO NUCLEAR ANYTHING! That we must endure Xrays for varying treatments (cumulative in the system) is a fault of science and medicine, but you crazed corporate monsters plan to integrate the most toxic substances on earth into the daily lives of the people? I would add HOW DARE YOU, but I know how and why you dare...you do under this sorry excuse for an administration, when anything goes. It couldn't be more timely, eh? Are you sending out for Armageddon? having it delivered to our doors?

Nuclear wastes and by products MUST BE ISOLATED FROM THE PEOPLE OF THE EARTH, NOT INTEGRATED INTO OUR LIVES. Nuclear substances are bad for the water, the air, the earth, and all life on earth, human and otherwise. Your agency is like the seven-headed beast that can't be killed...but we keep trying to teach you, and you keep trying to fool and kill us.

NO TO YOUR INSANITY! NO TO YOUR IDIOCY! NO TO INTEGRATING NUCLEAR SUBSTANCES INTO OUR CHILDREN'S LIVES. ALREADY WE ARE SUFFERING FROM CANCERS, LEUKEMIAS, HORRIBLE MUTATIONS, UNEXPLAINED BEHAVIOR DISORDERS, AND YOU KNOW THE ENVIRONMENTAL DEGRADATION OF THIS PLANET AND THIS COUNTRY IS TO BLAME...

You are criminals, and this plan is criminal. I have absolutely no faith that you will heed the voices of the thousands who will get in touch with you about this in opposition to your insane plan.

Still, here is another voice, saying NO NO NO!

H.G. Graham
