Subject: release of radioactive waste

June 9, 2003 (8:57AM)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Secretary,
I wish to urge that the release of radioactive waste be stopped. The waste needs to be handled in a manner that contamination of our environment cannot take place. Further, I urge that ALL such waste be accounted for, including waste that has found itself into the environment (such as that used in munitions as depleted uranium, that used in building materials, etc.).

Sincerely,
Robert L. Howe
