Subject: Re the amount of nuclear waste used in American manufacturing

June 9, 2003 (8:57AM)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Secretary of the Nuclear Regulatory Commission:

Please allow no nuclear waste (i.e. "depleted uranium") to be used in any products to be used by the American people. By that I mean no depleted uranium in airplanes or girders in buildings, zippers, etc. I am suggesting a zero tolerance policy.

Thanks for your consideration.

Sincerely,

Edward D. Crouch
