From:Monya <which@bestweb.net>To:<secy@nrc.gov>Date:Mon, Jun 9, 2003 1:14 AMSubject:horrors!

I have just heard that radioactive waste is going to be released for use in the general society----what a horror! It is so extremely dangerous to do so that only a madman would sanction such.....Please-tell me that you do not intend to do so....I am against the release of any radioactive material and shocked that you might consider doing so....Thanks for listening.....MBrown.
