**Subject:** Jim Curtiss request to meet on matters related to LES

Jim Curtiss called today to request a meeting with appropriate assistants from Commissioner offices on matters related to LES - white papers sent in April requesting policy guidance. He would be attending with Rod Crich, Licensing Manager of LES, employee of Exelon. They would like to meet as soon as possible, next Wed., Thurs., Friday, if possible. He indicated that they have already met with staff, and OGC. Please advise as to whether you would like to meet with him and availability next week Wed., Thurs., Fri. I have sent this message to EAs, Legal Asst., and a Materials Assistant in your office, since I was not sure who would be handling this matter within your office.
