Dr. Philip Cohen
Chairman, Subcommittee on Sedimentation
of the Interagency Advisory Committee
on Water Data
409 National Center, Room 5A402
U.S. Geological Survey
Reston, Virginia 22092

Dear Mr. Chairman:

I request that the name of the staff member representing the U.S. Nuclear Regulatory Commission on the Subcommittee on Sedimentation of the Interagency Advisory Committee on Water Data be changed from Anthony T. Cardone to Terry L. Johnson, with Fredrick W. Ross continuing as alternate. The focus of the Subcommittee on Sedimentation is primarily on surface and near surface geology and soils programs which are currently areas of greater import to the Division of Low-Level Waste Management and Decommissioning, including Mr. Johnson, than the Division of High-Level Waste Management of which Mr. Cardone is a staff member.

Sincerely,
