OFFICE OF SECRETARY RULEMAKINGS AND ADJUDICATIONS STAFF

Concerning your plans to use Nuclear Waste for different purposes, such as asphalt and other recycled items -- for the sake of the future of our planet, I AM TOTALLY OPPOSED. It needs to be buried completely and not spread around for public use.

A Concerned Citizen for the future of our EARTH and for my children and grandchildren.

Do you Yahoo!? SBC Yahoo! DSL - Now only \$29.95 per month!
