

DOCKET NUMBER  
PROPOSED RULE PR 20  
(68FR09595)

DOCKETED  
USNRC

210

From: "Nelson & Sharon Cone" <sharnel@olypen.com>  
To: <secy@nrc.gov>, <dianed@nirs.org>  
Date: Mon, Jun 16, 2003 5:49 PM  
Subject: Use of nuclear waste.

June 17, 2003 (7:51AM)

OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Ever since "Trinity" test, the Earth's background radiation levels have been rising. It must stop! I demand the recycling or other uses of nuclear waste cease. All past, present and future nuclear waste must be placed in safe, isolated, sealed disposal sites. This includes so-called depleted uranium.
