Subject: International HLRWM Conference Follow-up

Dear Mr. McClure:

For your information, I am enclosing a copy of my trip report to the First IHLRMMC. We, at NRC, are looking forward to the next one. No response is requested on this document.

Based upon interviews of NRC participants including upper-level managers and Commissioner, I compiled and sent to you a list of suggestions for improvement of future conferences. Although, no formal response to those suggestions was requested, I would appreciate some informal feedback. Perhaps we can discuss some of the suggestions at or prior to the next Program Committee meeting. I can be reached by phone at 492-3460, if you prefer to call.

Sincerely,

15/

Philip S. Justus, Section Leader
Geology-Geophysics Section
Geosciences & Systems Performance Branch
Division of High-Level Waste Management, NMSS
