SUBJECT: MEETING SUMMARY FOR U.S. NUCLEAR REGULATORY COMMISSION/
U.S. DEPARTMENT OF ENERGY TECHNICAL EXCHANGE ON TOTAL
SYSTEM PERFORMANCE ASSESSMENTS FOR YUCCA MOUNTAIN
(JUNE 2000)

Dear Mr. Ziegler:

Enclosed is the meeting summary of the June 6-7, 2000, Technical Exchange, between the U.S. Nuclear Regulatory Commission (NRC) and the U.S. Department of Energy (DOE) on Total System Performance Assessments for Yucca Mountain. The enclosure to this letter, including all of the attachments to the enclosure, are available in a package through the Agencywide Documents Access and Management System (ADAMS) with accession number ML003729854. We learned that this particular summary had not been signed and distributed shortly after the meeting. We have since worked with your staff to complete the meeting summary and it has recently been agreed upon by both organizations. Subsequent to the meeting in June 2000, we had made changes that has improved the timely release of meeting summaries for more recent meetings.

The technical exchange was held at the Center for Nuclear Waste Regulatory Analyses in San Antonio, Texas, and connections via video conferencing were provided to NRC in Rockville, Maryland, and DOE in Las Vegas, Nevada.

If you have any questions regarding this letter, please contact James Firth, the technical lead for the Total-System Performance Assessment and Integration Key Technical Issue team. He can be reached at 301-415-6628.

Sincerely,

/RA/

Janet R. Schlueter, Chief
High-Level Waste Branch
Division of Waste Management
Office of Nuclear Material Safety
and Safeguards
