Subject: Re: Draft SRM on COMSECY-01-0030 Guidance on Release of Information to the Public

We continue to believe that the detailed comments provided in the draft SRM could result in the release of some information that should be withheld and the guidance provided in COMSECY-01-0030 only needed slight modification. We offer the following comment on Version B:

We strongly continue to support our proposed wording for items 1, 17, 20, and 21. The wording (e.g., could be reasonably expected) should be retained. **REDACTED - PREDECISIONAL OFFICIAL USE ONLY INVOLVING ANOTHER AGENCY - EX. 5**

Please review the changes to the draft SRM on COMSECY-01-0030 (Release of Information to the Public) in the attached file (sy01-0030.b.wpd). This is Version B. Please respond by January 17, 2002.

Thanks,

Ken
