

BARLETT/REORG LETTER

DEC 02 1991

Dr. John Bartlett, Director
Office of Civilian Radioactive
Waste Management
U.S. Department of Energy
Washington, D. C. 20585

Dear Dr. Bartlett:

The purpose of this letter is to inform you of senior management assignments within the Division of High-Level Waste Management (HLWM). As announced earlier this year, Mr. B. J. Youngblood was appointed Director and Mr. John J. Linehan was appointed Deputy Director of the Division. More recently, Mr. Joseph J. Holonich has been appointed Director of the Repository Licensing and Quality Assurance Project Directorate, Mr. Ronald L. Ballard has been appointed Chief of the Geology and Engineering Branch, and Ms. Margaret V. Federline has been appointed Chief of the Hydrology and Systems Performance Branch (See Enclosure). Please note that, as Director of the Repository Licensing and Quality Assurance Project Directorate, Mr. Holonich is the Nuclear Regulatory Commission's (NRC) point of contact for the repository program. Requests that the NRC staff makes to DOE are issued under Mr. Holonich's signature and any letter DOE receives that is signed by Mr. Holonich, or any manager above him, is an official NRC staff position.

I believe you will find this information useful to you and your staff.

(Signed) Robert M. Bernero

Robert M. Bernero, Director
Office of Nuclear Material Safety
and Safeguards
