EXPLORATORY STUDIES FACILITY (ESF) TITLE II DESIGN REVIEW:  
PACKAGE 1E (SCPB: N/A)

This design review package is forwarded to you for your review as an observer of the external design review of the ESF Title II Package 1E. Design Package 1E consists of ESF auxiliary power design products. The design products are non-permanent, non-Q, and will be located at the surface. There will be no design review meeting for this external review.

To optimize the review period for the affected counties, the Yucca Mountain Site Characterization Office is sending under separate cover the external design review package directly to the affected counties.

Please review the design package and provide your comments to Philip R. Hammond, Civilian Radioactive Waste Management System Management and Operating Contractor, Las Vegas, Nevada, by May 19, 1995. Comments received after May 19 will be considered nonmandatory for review package documentation.

If you have any questions, please contact either Thomas W. Bjerstedt at (702) 794-7590 or Philip R. Hammond at (702) 794-5153.

*For*   
Stephan J. Brocoum  
Assistant Manager for  
Suitability and Licensing
