

DOCKET NUMBER  
PROPOSED RULE PR 20  
68FR09595

838

From: Laurie Shows <lshows@woh.rr.com>  
To: Nuclear Regulatory Commission <secy@nrc.gov>  
Date: Mon, Jun 23, 2003 1:45 PM  
Subject: Stop nuclear waste recycling

To the NRC:

You have asked for comments concerning the control of nuclear waste of various kinds.

I am horrified at any hint that nuclear wastes might be recycled, reused, or otherwise -- in any form -- allowed to come into contact with our people, our air, our soil, or our environment.

Decades of experience with nuclear waste and byproducts have shown that they are unspeakably dangerous! Please do not relax your standards or allow these wastes to be recycled or re-used, period.

Sincerely,

Mrs. Laurie R. Shows  
655 East Drive  
Kettering, Ohio 45419  
Guns don't kill people. But people who kill people sure seem to like guns an awful lot.
