INITIAL SUMMARY REPORT FOR REPOSITORY/WASTE PACKAGE ADVANCED
CONCEPTUAL DESIGN (ACD) (SCPB: N/A)

Enclosed for your information is a copy of the Initial Summary Report for Repository/Waste Package ACD. This is a Civilian Radioactive Waste Management System Management and Operating Contractor (CRWMS M&O) document, and was prepared by CRWMS M&O at the request of the Yucca Mountain Site Characterization Office (YMSCO). It is intended to provide a current status of the Repository/Waste Package ACD, and should be considered as a reference source for information concerning the Repository/Waste Package ACD. This design will be baselined through a revision and reformatting of the Site Characterization Program Baseline in fiscal year 1995.

A limited number of copies of the ACD Summary Report are available at YMSCO. If you need additional copies or have any questions, please contact either P. Dean Stucker at (702) 794-7275 or April V. Gil at (702) 794-7622.
