Dear Mr. Chernoff:

SUBJECT: POINTS-OF-CONTACT FOR TASK FORCE ON TITLE II ISSUES

I am responding to your letter of April 8, 1994, in which you requested Nuclear Regulatory Commission points-of-contact for a Department of Energy (DOE) task force on Title II issues. We would be pleased to participate on this task force addressing issues related to DOE responsibility, under NRC license, for long-term care of Title II sites.

Myron Fliegel of my staff will be the primary NRC point-of-contact. Dr. Fliegel will coordinate with the Office of State Programs on issues relating to the NRC Agreement State Program. The Office of State Programs staff will participate as needed. You may also want to consider inviting State personnel to participate since several of the sites are currently regulated by three of the Agreement States.

Please contact Dr. Fliegel at (301) 415-6629 if you have any questions.

Sincerely,

Joseph J. Holonich, Chief
