TRANSFER OF WASTE PACKAGE DEGRADATION (WAPDEG) SIMULATION CODE, VERSION 1.0, TO SUPPORT NRC REVIEW OF WASTE PACKAGE CONTAINER DEGRADATION SIMULATION RESULTS IN TOTAL SYSTEM PERFORMANCE ASSESSMENT-1995 (TSPA-1995)

Under separate cover, your staff has been provided with a floppy diskette containing the WAPDEG source code and miscellaneous supporting files, and a preliminary draft of the Users Guide for the code. These materials were provided to fulfill your staff's request, and to aid them in their review of the waste package container degradation simulation results in the TSPA-1995.

The source code of WAPDEG Version 1.0 is dated September 9, 1996, but is the same as used in TSPA-1995. This version of the source code includes numerous detailed comment statements to facilitate the NRC staff's use of this code in the review process.

The package also contained a preliminary draft Users Guide, and a detailed description of the changes that may need to be made to the code so it can be used on your intended computational platform.

If you have any questions regarding this transmittal of information in response to your request, please contact Abe Van Luik of my staff at (702) 794-1424.
