To the NRC:

You have asked for comments concerning the control of nuclear waste of various kinds.

**DOCKETED**  
**USNRC**

I am horrified at any hint that nuclear wastes might be recycled, reused, or otherwise – in any form – allowed to come into contact with our people, our air, our soil, or our environment.

June 24, 2003 (9:02AM)

Decades of experience with nuclear waste and byproducts have shown that they are unspeakably dangerous! Please do not relax your standards or allow these wastes to be recycled or re-used, period.
