SUBJECT: HLWM ENTRIES ON NMSS LIST OF OPERATIONAL  
COMPUTER SYSTEMS

I am responding to your memorandum of July 9, 1992, requesting that we review IRM's Systems Inventory Report and indicate if any of the computer systems that IRM lists as operational and supporting the Division of High-Level Waste Management (HLWM) can be retired or if any other correction or additional information is needed.

There are two operational computer systems listed as supporting HLWM. Number 1262, Transitional Licensing Support System (Sponsor Office: NMSS, P. Altomare) is now the responsibility of James Shields, LSSA. Number 1263, Open Item Management System (Sponsor Office: NMSS, P. Altomare) should be retired.

If you need any additional information concerning these two computer systems, please contact Phil Altomare of my staff on 504-3400.
