LETTER TO LOKESH

- 1 -

Dr. Lokesh Chaturvedi, Deputy Director
Environmental Evaluation Group
7007 Wyoming Boulevard, N.E.
Suite F-2
Albuquerque, NM 87109

Dear Lokesh:

Thank you for sending me the copies of your publications pertaining to Lessons Learned and Performance Assessment at the WIPP site. The papers are most informative and useful in NRC's High Level Waste activities. As you suggested, I called Roy McKinney at IT and he was most helpful in recommending three publications on Geotechnical Activities at WIPP. They are:

1. Geotechnical Activities in the Waste Handling Shaft (1984)
WTSD-TME-038
2. Geotechnical Activities (1986) DOE-WIPP-86-008
3. Geotechnical Activities in the Exploratory Shaft-Selection of Facility Intervals (Mar. 1983) TME-3178

I understand that you may have copies of the above publications. If so, could I again impose upon you to send me copies?

If I can be of help to you in the future, please do not hesitate to call me. I can be reached at (301) 492-0528.

Sincerely,

Tom Cardone, Geologist
Geology-Geophysics Section
Technical Review Branch
Division of High-Level Waste Management
