

**DOCKET NUMBER
PROPOSED RULE PR 20****68FR09595**

From: "Lee Dayfield" <leedayfield@hotmail.com>
To: <secy@nrc.gov>
Date: Fri, Jun 27, 2003 5:24 PM
Subject: Radioactive Material

1903

Dear Secretary

It is my understanding you are considering lifting controls on the disposal of radioactive material. This must not be done. We cannot afford to have radioactive material where it can become more harmful in our environment. There is so much contamination now we will never be safe - why make it worse. Dispose of it properly.

Sincerely,
Lee Dayfield
16820 NE Hassalo St.
Portland, OR 97230
