

**DOCKET NUMBER
PROPOSED RULE PR 20****68FR09595**

From: "Beth St. George" <hartashkip@yahoo.com>

Subject: Nuclear Waste Release

1916

I am outraged to learn that the NRC has and is releasing nuclear waste into our materials and environment in any way! Nuclear waste can only be disposed of in licensed radioactive waste dumps, NOT into our building materials, household items, or environment. I support the Sierra Club's initiative requesting NRC to report on and recapture all the nuclear wastes that have already been deregulated over the years.

Sincerely,

Beth St. George
Wenatchee, WA
