

Department of Energy

Washington, DC 20585

NOV 9 1992

Mr. Joseph J. Holonich, Director
Repository Licensing & Quality Assurance
Project Directorate
Division of High-Level Waste Management
Office of Nuclear Material Safety
and Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Holonich:

Enclosed with this letter is a controlled copy of Revision 2 of Study Plan 8.3.1.17.4.2, "Study Plan for Evaluating the Location and Recency of Faulting Near Prospective Surface Facilities."

Revision 2 of this study plan was inadvertently not transmitted to the U.S. Nuclear Regulatory Commission (NRC) when the original distribution of the controlled copies was made. Because the document receipt form for Revision 1 was not signed and returned by the NRC, the NRC was automatically removed from the distribution list for this study plan in accordance with the Yucca Mountain Site Characterization Project Office (YMPO) procedure for issuance of controlled documents. Since that time, the U.S. Department of Energy (DOE) has decided to transmit all study plan revisions to the NRC separately, which will prevent similar occurrences in the future. However, it is important that when the NRC receives a controlled copy of a document, the Document Transmittal Acknowledgement Record Form be signed and returned to DOE.

If you have any questions, please contact Mr. Chris Einberg of my office at 202-586-8869.

Sincerely,

John P. Roberts
Acting Associate Director for
Systems and Compliance
Office of Civilian Radioactive
Waste Management
