Dear Mr. Linehan:

Enclosed for your information are ten copies of the first edition of the Yucca Mountain Project Office (YMPO) Technical Data Catalog. This document will be updated and released quarterly in accordance with the U.S. Department of Energy/U.S. Nuclear Regulatory Commission Site-Specific Procedural Agreement of 1984.

The catalog contains a listing of data collected in the course of characterizing Yucca Mountain as a potential site for a high-level radioactive waste repository. This version of the catalog contains information submitted to the project Automated Technical Data Tracking System since March 29, 1990. Information about data submitted to the project previous to that date will be added to the catalog as time and funding allows.

If you have any questions, please contact Linda Desell of my staff at 202-586-1462.

Sincerely,

John P. Roberts
