MEMORANDUM FOR: Willard B. Brown, Acting Director
Program Management, Policy Development
and Analysis Staff, NMSS

FROM: B. J. Youngblood, Director
Division of High-Level Waste Management, NMSS

SUBJECT: COMMENTS ON DRAFT HLWM PROGRAM PLAN (NMSS 9100096)

In response to your February 21, 1991, request, we have reviewed the draft High-Level Waste Management (HLWM) Program Plan for FY 92-96. Our comments are enclosed in the form of a markup of the draft plan. We have commented on the HLWM parts of the plan and some research parts. However, we have not performed a detailed review of the MRS or Research parts which we assumed would be done by the respective groups. We consider that this draft plan and the forthcoming revision will be a first step in this years planning cycle. As such, we anticipate that after the final C-3 is prepared this plan will need to be revised to be consistent with the final C-3.

B. J. Youngblood, Director
Division of High-Level Waste Management, NMSS

Enclosure: As stated
