Dear Dr. Giorgio:

It is a pleasure to inform you that your application for renewal of certification by the American Board of Health Physics has been approved and your certification thereby renewed. Enclosed is a seal which you may affix to your certificate to show that you are meeting the obligations of an active Certified Health Physicist.

As a result of this action, you will remain on the roster of active Certified Health Physicists (unless you request a change) until December 31, 2005. During this period, you should take the necessary steps to continue your certification, assuming that you remain active as a health physicist. Many CHPs have found it convenient to set up a file to keep track of the functions they are attending that count toward the Continuing Education requirements. This helps avoid problems at the last minute.

In applying for renewal, you acknowledged your commitment to remain active in the field of health physics and acquainted with scientific, technical, and regulatory developments. Should changing circumstances make it impossible or impractical for you to continue this commitment, please advise the Board so that you may be transferred to the Inactive or Emeritus class as appropriate.

The Continuing Certification Program of the American Board is intended to serve the needs of Certified Health Physicists. If you have any suggestions or comments concerning this program, I would appreciate hearing from you.

Congratulations on your successful application for renewal!

Sincerely,

Nancy K. Johnson
Program Director
