

**DOCKET NUMBER
PROPOSED RULE PR 20****68FR09595**

From: Yoelit H Hiebert <yhiebert@juno.com>
To: <secy@nrc.gov>
Date: Sun, Jun 29, 2003 12:45 PM
Subject: Opposition to release of radioactive waste into the commercial stream

2403

We are strongly opposed to any regulations that would allow deregulation of radioactive waste such that it could enter the commercial waste stream. The harm that such materials might cause to human health, not to mention, the health of wildlife and its habitat is too great. As parents, we are completely opposed to this idea. Please think about what you are proposing and about the harmful effects it will have upon the earth and its inhabitants.

Sincerely yours,

Mr. and Mrs. Gregory L. Hiebert
