Subject: comments on rulemaking re disposition of solid materials

2416

Secretary, US Nuclear Regulatory Commission. Attn: Rulemaking and Adjudications Staff

I had hoped to fax to you a copy of the four pages of comments I have prepared, but cannot find a fax number. Therefore, I am attaching the comments to this email instead. I have also mailed a copy of my comments along with the 5th page (a copy of a March 10, 1981, Wall St. Journal piece by John Emshwiller, entitled "Want Skillets That Contain Atomic Waste?")

I hope my comments will arrive satisfactorily to meet your deadline tomorrow. Sincerely, Kay Drey
