

DOCKET NUMBER
PROPOSED RULE PR 20
68FR09595

From: Mike Pesa <mpesa@kent.edu>
To: <secy@nrc.gov>
Date: Mon, Jun 30, 2003 4:03 PM
Subject: No nuclear waste in consumer products!

2484

Nuclear waste does not belong in consumer products, no matter how small the quantities are. I urge you to oppose any policies that would allow the placement of nuclear waste in consumer products. The American people deserve better.

Thank you for your consideration. Please let me know what your decision is.

Sincerely,

Michael Pesa
