DEAR SECRETARY OF NRC,

(68FR09595)

2615

IT'S COME TO MY ATTENTION THAT THE NRC IS CONSIDERING ALLOWING RADIOACTIVE MATERIALS ~~AND~~ TO BE RECYCLED INTO CONSUMER PRODUCTS. THIS IS INSANE! I'M HAVING A HARD TIME BELIEVING THAT THIS IS REALLY BEING CONSIDERED. PLEASE DO NOT ALLOW THIS TO HAPPEN! DISPOSAL OF RADIOACTIVE WASTE IS ONLY ONE OF THE PROBLEMS ASSOCIATED WITH THE USE OF NUCLEAR POWER. IT'S OBVIOUS THAT THIS COUNTRY NEEDS TO LOOK INTO OTHER ENERGY SOURCES. IN THE MEANTIME, PLEASE DO EVERYTHING YOU CAN TO KEEP UNREGULATED RADIOACTIVE MATERIALS OUT OF CONSUMER PRODUCTS.

SINCERELY,

KRISTIN COSTLEY
