References: 1. June 16, 2003 NRC Staff and PFS Meeting

As discussed at the June 16, 2003 meeting, Private Fuel Storage (PFS) is providing the NRC Staff a copy of one of its expert reports for the consequences hearing. The report concerns the Evaluation of an F-16 Impact on the Canister Transfer Building at the PFS Facility. Also enclosed are the calculations which support the report. In accordance with the Staff's request at the June 16 meeting, PFS has preliminarily marked and is submitting the report and the calculations as if they contain Safeguards Information in order to allow the Staff to make a determination whether parts or all of the report or the calculations should be designated as containing Safeguards Information. We are also providing in accordance with the modified protective order entered by Atomic Safety and Licensing Board on June 26, 2003, copies of the report directly to lead counsel for the Staff (Sherwin Turk) and the State (Denise Chancellor) and to the members of the Licensing Board and copies of the calculations to the lead counsel for the Staff and the State.

If you have any questions regarding this submittal, please contact me at 608-787-1236 or Mr. J. L. Donnell, Project Director, at 303-741-7009.

Sincerely,

A handwritten signature in black ink, appearing to read "John D. Parkyn".
