MEMORANDUM TO: HLWM Staff Involved with the Review of
Consultation Draft SCPs

FROM: Robert E. Browning, Director
Division of High-Level Waste Management

SUBJECT: ISSUANCE OF REVIEW PLANS FOR CONSULTATION DRAFT SCPs

The enclosed draft Technical Review Plan (TRP) and final Administrative Plan and Procedures (APP), prepared jointly by HLOB and HLTR, are being issued as guidance in reviewing the DOE consultation draft SCPs. Prior to the review of the statutory SCP, we anticipate that the draft TRP will be revised as necessary based on the experience gained with the consultation draft SCP review. In addition, the working draft APP for the statutory SCP will be finalized prior to review of the statutory SCP, incorporating lessons learned from the CD SCP review. A workshop on the Review Plans will be held during the first week of January 1988 to train the staff who will be involved with the reviews.

Robert E. Browning, Director
Division of High-Level Waste Management
