Mr. Myron F. Uman  
 Assistant Executive Officer  
 Special Projects  
 National Research Council  
 2101 Constitution Avenue  
 Washington, DC 20418

Dear Mr. Uman:

I have received your letter of April 30 requesting that the Nuclear Regulatory Commission designate a liaison representative to the Committee on Technical Bases for Yucca Mountain Standards. I agree with you that the participation of such a liaison will be valuable to both the NRC and the Committee and I have asked Margaret Federline of the Division of High-Level Waste Management to serve in this capacity. Ms. Federline will present the views of the NRC staff at the Committee's first meeting in Las Vegas. I regret that I will be unable to attend this meeting due to previous commitments and I wish you success in this challenging endeavor.

Sincerely,
