Mr. William J. Gunter, Director
Criteria Standards Division, ORIA
U.S. Environmental Protection Agency
Washington, D.C. 20460

Dear Mr. Gunter:

As requested in your letter of May 6, 1993, and as agreed upon in my letter of May 25, 1993, I am enclosing five copies of the "Procedural Agreement Between the Nuclear Regulatory Commission and the U. S. Department of Energy Identifying Guiding Principles for Interface During Geologic Site Investigation and Site Characterization" and the "Agreement Between the U. S. Department of Energy Office of Civilian Radioactive Waste Management and the Nuclear Regulatory Commission Division of High-Level Waste Management During Site Characterization Program and Prior to the Submittal of an Application for Authorization to Construct a Repository." In addition, I would like to correct a typographical error in my May 25 1993, letter. Under the first item in that letter, the regulatory reference should be 10 CFR Part 60 rather than 10 CFR Part 50.

If you require any additional information, you may contact Ms. Anne Garcia of my staff at 504-2438.

Sincerely,

B. J. Youngblood, Director
Division of High-Level Waste Management
Office of Nuclear Material Safety
and Safeguards
