

JUN 07 1993

NOTE FOR: Keith McConnell, Section Leader
Geology-Geophysics Section

FROM: Charlotte Abrams, Senior Project Manager
Repository Licensing and Quality Assurance Directorate

SUBJECT: NUCLEAR WASTE PROJECT OFFICE REPORT ENTITLED, "NEOTECTONICS OF THE SOUTHERN AMARGOSA DESERT, NYE COUNTY AND INYO COUNTY, CALIFORNIA"

The attached subject report was recently transmitted to the NRC. Please have a member of your staff review the subject report according to the guidelines laid out in the Division of High Level Waste generic document review and approval procedure and using Attachment 2 or 3, as appropriate, to document the results of the review.

The RITS number for this activity is 411433 and the TAC number is L60277, Perform General Technical Review. This is considered a low priority reactive review. The two of us should discuss a reasonable completion date for this activity giving consideration to other higher priority commitments of your staff. I would be pleased to meet with you to determine an acceptable date for completion of this task.

Enclosures: As stated
